

# INTRODUCTION

---

## WELCOME TO MY PORTFOLIO !

I'm Yash A Master's of Computer Applications and Information Technology student at Christ University, Bangalore. I'm deeply passionate about web development while having high Proficiency in Python, SQL, HTML, CSS, and JavaScript, I specialize in crafting dynamic and user-friendly web interfaces.

My focus on web development extends beyond coursework, as I actively seek out opportunities to expand my skills and stay updated with industry trends. Whether it's building sleek websites or optimizing performance, I thrive on the challenges of creating seamless online experiences.

Outside of work, I have a keen interest in cryptocurrency and financial asset trading.
